6, 7 September 2024

Salalah, Oman

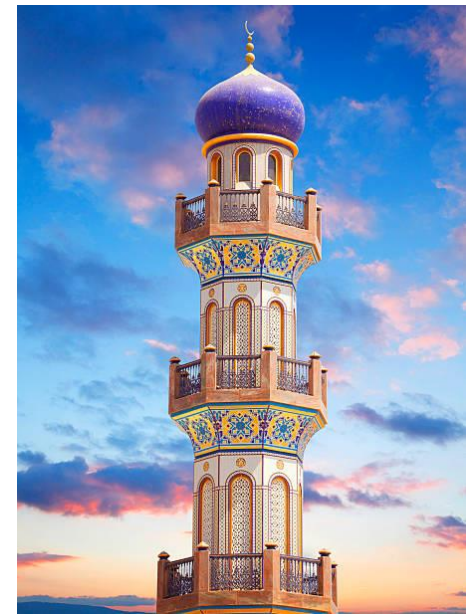

It's one of the best times to visit Salalah

4th Middle East Pediatric Infectious & Immunology Meeting

6, 7 September 2024

Salalah, Oman

Dear colleagues and friends,

On behalf of the scientific and organizing committees, it gives us a great pleasure to invite you to the **4th Middle East Pediatric Infectious and Immunology Meeting**, to be held on September 6, 2024, in Salalah, Oman.

MEPIIM is a unique platform where almost all the infectious diseases experts, public health activists, and prevention disease researchers in our region will meet each other, share their knowledge, and sort out their recommendations for a better, healthier, and brighter future for our kids.

Don't just watch from afar; be part of this one-of-a kind meeting and come to watch with us the birth of a new wave of health guidelines.

Dear colleagues and friends, join us in Salalah, the garden of God on earth, to witness a point of divergence in the field of infectious and immunology practice.
