The Mediterranean Pediatric Association for Children's Health

Organizes

Summer Courses in Pediatrics

Beirut, Lebanon

July 10 & 11, 2026

Courses Objectives:

Explore, Analyze & Investigate – Dive deep into the latest advancements and clinical challenges.

Gain Innovative Insights – Discover fresh perspectives to enhance your daily practice.

Expand Your Expertise – Acquire new skills and broaden your knowledge with evidence-based education.

Collaborate & Connect – Engage with leading experts and colleagues from across Europe, and the Middle East.

Earn European CME Credits – Stay accredited while gaining invaluable insights.

Exchange Ideas in a Supportive Environment – Share experiences, discuss best practices, and grow together.

And much more awaits you!
